Dear Customers,

In light of the emerging novel coronavirus (COVID-19) infection affecting global business, we would like to update our valued customers on the effects to our operations.

We have been notified of shut down of factories affecting our suppliers in India and France. This will affect delivery of items currently on order. We are in continual contact with our partners globally and we will update delivery dates as soon as information is available.

We are monitoring the situation closely and are working to ensure minimal disruption to our operations. We appreciate your business and offer our continued support.

If you have any questions or concerns, please feel free to contact us at sales@alliedconnectors.com or call us directly on 1300 793 466.

Kind regards,

VGL Management
