

VGL - Allied Connectors now offers custom cable manufacturing via our international partner. Cables can be made to existing standards or modified to your specific requirements. Cables can be integrated into our cable assembly service for a customised solution.

Cables available for a variety of applications:

*Communication/Data*

*Power*

*Automotive*

*Oil / Chemical resistant*

*Coaxial*

*Defence (Teflon) / Military grade*

*High Temperature*

*Sensor and Automation*

Range of insulating, shielding, colouring and over moulding options

Cables are manufactured to the highest quality within an ISO 9001 facility and comply to international standards:

- ▶ ROHS
- ▶ CE Approvals
- ▶ UL certification
